**Sunset SAVOR the Central Coast to Donate Farm to School Garden  
to Georgia Brown Elementary School, Wednesday, Oct. 1.**

WHO: Sunset SAVOR the Central Coast

WHAT: Sunset SAVOR the Central Coast, a partnership with Sunset Magazine and Visit San Luis Obispo County, will be donating the event's farm to school garden to Paso Robles Joint Unified School District's Georgia Brown Elementary.

The farm to school garden was prepared by One Cool Earth ([www.1coolearth.org](http://www.1coolearth.org)), a local non-profit based in San Luis Obispo. The garden beds and supplies were donated by Farm Supply and include Swiss chard, red romaine, fig trees, olive trees, edible flowers, cabbage, kale, strawberries, and a selection of herbs. The farm to school garden will become part of the on-going educational program championed by Chef Gregg Wangard, Corporate Chef/Creative Culinary Director for Boutique Hotel Collection, for students to learn about growing and eating fresh, local produce. A special thank you to Golden State Overnight (GSO) for delivery of the garden. The students, staff and families of Georgia Brown Elementary School are looking forward to receiving the garden on **Wednesday, October 1, 2014** and will be celebrating the donation with guests from the Paso Robles Joint Unified School District and the Sunset SAVOR the Central Coast team.

You are invited to a special photo opportunity to meet the leadership and children behind this unique project.

WHEN: October 1, 2014 at 10:00am

WHERE: Georgia Brown Elementary School, 525 36th Street, Paso Robles, CA 93446  
*Garden is located between the blacktop playground and soccer field*
